Since its founding in 2007, the McCabe Companies has been engaged in real estate development, construction, owner representation, planning and design management, brownfield remediation, historic preservation, expert testimony, public policy advocacy, software development and business consulting.

As Principal of the McCabe Companies, Mr. McCabe brings more than 45 years of diverse experience in real estate development, design and construction.

Mr. McCabe was founding principal for one of the largest design-build industrial contractors in the country. The company teamed with major real estate developers to execute significant projects for nationally recognized clients such as Goodyear, Whirlpool, Marriott, Apple, and McGraw-Hill throughout the United States.

Mr. McCabe has held executive management roles at several of the largest commercial real estate and design/build general contracting companies in central Ohio. He has personal involvement in more than 300 constructed projects, totaling in excess of 40,000,000 square feet, with a total contract value in excess of \$1 billion dollars. Numerous projects have exceeded 1,000,000 square feet and single project value has exceeded \$200 million.

Project types have involved nearly every market segment including office, industrial, manufacturing, distribution, oil and gas processing and infrastructure, entertainment, institutional, retail, hospitality, recreation, multi and single-family housing, urban mixed use, food service, utility, transportation, medical, historic preservation, K-12 schools and higher educational. Projects have included large scale commercial, industrial, brownfield, historic preservation and mixed-use developments.

Mr. McCabe studied architecture at The Ohio State University.
